

Would you like to get involved with supporting and developing the thriving voluntary sector in Manchester?

Macc is charity which works with the voluntary and community sector in Manchester. We are a growing organisation in terms of size, turnover, reputation and influence. We want to recruit new members to our Board, to strengthen the diversity of our membership and bring a fresh new approach to our work. By becoming a Trustee of Macc you will be joining the organisation at a pivotal moment in its development. These are exciting times for us as our role in the city evolves.

We are looking for people who:

- Are interested in the development of a thriving voluntary & community sector in Manchester
- Share our values and are connected to local communities
- Have "on the ground" experience in the voluntary & community sector
- Are keen to develop new skills and are interested in developing a leadership role
- Are able to commit an average of one day per month to MACC
- Expertise in marketing / accountancy / law / human resources is particularly welcome.

We can offer:

- An opportunity for personal & professional development, working alongside other leaders in the local voluntary sector
- The benefit of our many years' experience of social issues in Manchester
- An opportunity for you to share in our success & influence our future
- To share with you what we have learned from our own development and expansion
- Travel and subsistence expenses, flexible & accessible meeting times, childcare expenses
- A friendly and value-driven environment

As an organisation committed to equalities, we are keen to ensure that our Board reflects the diversity of the local sector & communities and particularly welcome applications from people with a background in working with BME communities and organisations.

We are currently looking to bring a maximum of FOUR new members onto our Board. As it's important to support people joining the Board to develop their understanding of the organisation, we will be increasing our Board membership in two stages with a second round of recruitment later in the year.
