

Our newsletter is changing

Thank you for all those who completed our survey to let us know what you think of our quarterly newsletter.

From the responses you let us know that on the whole you find our newsletter informative and liked the types of articles but you would prefer the newsletter to be in a different format.

The most common responses was the preference for an A4 newsletter style newsletter rather than loose sheets of paper.

There was also a preference for the newsletter to be circulated via email rather than through the post.

Respondents also indicated that they would like to see the following information included in the newsletters:

- Local news
- Events
- Training
- Volunteering opportunities
- Your news / case studies
- Plus much more

From your responses our next newsletter will have a completely new look which we hope you will all find easier to read and more informative.

Our newsletter will continue to be posted out to those that prefer a printed copy, however if you would prefer to receive an electronic copy by email then please return the slip below in the freepost envelope provided to:
