

## Training News

### **Big Lottery Fund workshops**

After successful Big Lottery Fund – Awards for All and Reaching Communities workshops Manchester Community Central will be facilitating further sessions in Autumn.

- Do you want to know more?
- Are you interested in attending a lottery session?
- Would you like support in completing an application to the Big Lottery Fund?

### **GRANTnet – funding search**

We are currently reviewing GRANTnet and especially keen to hear from any organisations who have used GRANTnet.

- Have you accessed GRANTnet?
- Were you able to find potential suitable funders?
- Did you apply?
- Were you successful in securing funding for your project?
- How would you improve GRANTnet?

All comments made will help us feed into the review and future developments to GRANTnet

### **E-learning**

Over the Summer I will be working on developing a dedicated page to e-learning opportunities on the Manchester Community Central website.

E-learning is often a cheaper and more convenient way to access training with a number of opportunities available relevant to the voluntary and community sector.

I would be really interested to hear your thoughts on e-learning especially if you have accessed a great e-learn training session or if you have hesitations about accessing this training.

### **Contact**

I am always happy to talk and can come and meet with you and your organisation. Get in touch email: [training@mcrcommunitycentral.org](mailto:training@mcrcommunitycentral.org) or call **0333 321 3021**
