

Welcome to new staff at Macc!

We have some new faces at Macc.

Martin Preston - Transforming Local Infrastructure Programme
Co-ordinator

'I am responsible for the day to day co-ordination of the Manchester Transforming Local Infrastructure (TLI) Programme and ensuring it remains on schedule and within budget. The programme will develop and implement a series of projects designed to improve the range and quality of services available to voluntary and community organisations in Manchester. The programme also aims to build creative and collaborative relationships between the TLI partners and other stakeholders ensuring that it leaves a sustainable legacy of better services and broader relationships across all sectors.'

Nigel Rose - Strategic Lead Worker (Commissioning)

'My job is to improve commissioning with the public authority and voluntary and community sector. As part of this I will:

- Create a list of commissioning opportunities
- Develop mutual understanding between the voluntary and community and commissioners
- Research and promote best practice in commissioning'

Other new people to come

By the time this reaches you we will also have a new Receptionist – Kerry Fennell, and a new Business Improvement Co-ordinator – Sefton Simpson. We are also recruiting for a Development Worker for the Volunteer Centre and a Policy and Voice Team Manager.

To keep up to date with who is who at Macc see our Meet the Team page: www.manchestercommunitycentral.org/meettheteam
