

Covid Health Equity Manchester Autumn 2021

1. About this form

About this form

The CHEM (COVID Health Equity Manchester) group was established in July 2020 in response to the disproportionate adverse effects COVID 19 has had on some of Manchester's communities. The group aims to achieve its objectives through collaborative whole system working, influence and advocacy as well as direct actions through its programme of work

The aim of the grant funding is:

1. to engage with specific groups and communities to understand what is important to them, and how we can reduce the spread of COVID, severe illness and death in those communities.
2. to create conditions that enable residents to make informed decisions about living safely and well with COVID. This can include vaccinations, testing, etc and COVID safety in the community.
3. to improve vaccine coverage and COVID safety amongst specific Manchester communities.
4. To support specific groups with the immediate indirect consequences of COVID-19 e.g. mental health, Domestic Violence & Abuse, Income loss etc.

You can save progress at any time and return to it later. If you want to 'Save and continue later', make sure you note down the email address you've used with the form as you will need this to access the form again.

When you go through this form, DO NOT use your normal 'Back' button to return to an earlier question. Use the 'Previous' button on the page you are on instead.
