In Our Nature

Got a great idea to help tackle climate change in your local community? Apply today.

What's available

- **£4,000 indirect financial support** - this means we can purchase materials and pay for resources, like facilitator costs, on your behalf.
- **Support with delivering your project**, including connecting you with local networks and groups and providing advice to make your project as impactful as possible.
- **Support with project promotion and publicity** to help you reach the right audiences.
- **Support with measuring and reporting on your project's results** so you can demonstrate all your amazing achievements.
