

Are you aged 65 or over?

Would you like to take part in a study about how **green spaces** influence your **health and wellbeing**?

The University of Manchester are conducting research to investigate how older people **use** and **value** green and blue spaces in cities (such as parks, gardens and canals).

We are looking for volunteers to participate in a survey and a short, informal interview about their opinions of green and blue spaces.

We would also like to speak to **carers** about their opinions.

Our findings will help to influence future decisions to improve the environment in Greater Manchester and beyond.

- Live in Greater Manchester
- Aged 65 or over **OR** care for someone in this age group
- Happy to give up to 2 hours of your time

If you can tick the boxes above please contact Prof. John O'Neill on: 0161 306 8043 or email GHIA4@manchester.ac.uk
