

About Us

Get Ready for Work is a Big Lottery Funded project managed by 4CT Limited, a Manchester based charitable company. The project aims to assist workless people in North and East Manchester through the support of local work clubs, by providing access to training and education, referrals to other services, and offering volunteering opportunities.

Manchester's work clubs provide vital support in helping people into employment and work with clients that can have a wide range of needs. They provide a range of services such as help writing CVs, interview practice, searching for jobs and completing applications as well as access to a variety of courses and qualifications.

Work Club Directory

To find more work clubs please visit the Manchester City Council work club directory at www.manchester.gov.uk/directory/86/manchester_work_clubs.

Contact Us

Some clubs also offer specific help to people who have barriers to overcome before "Getting Ready for Work". Visit your local work club for more information or a referral. For more information please drop in to your local work club or contact us.
