Dear Colleague

Governor Vacancies in Pennine Care - an opportunity for you to get involved

I hope that you are well and keeping safe in these very difficult and challenging times.

We appreciate that these are difficult, uncertain times and we hope that you and your families are keeping safe and well. At Pennine Care NHS Foundation Trust we are currently going through our Governor election process and are seeking expressions of interest from individuals within our communities who are interested in standing for election to our Council of Governors.

Our Council of Governors is very important to the Trust, they provide us with opportunities to really connect and interface with our patients and communities, Governors work with us and input into the development of our strategies. They also hold the Non-Executives to account making sure that the Trust is delivering on it's services and meeting the needs of service users and patients.

The Governor role is a fantastic opportunity to learn from Pennine Care NHS Foundation Trust and find out more about mental health and learning disability services in your local area. The Council of Governors has a voice and ensures the views of local communities are considered in the development of health services. We would like to ensure that we have Governors from a wide and diverse range of backgrounds. To be elected as a Governor you need to first become a member of the Trust. If you are not yet a member you can join us through the link below.

You can find out more about the role of Governor, express an interest and submit your nomination here: <https://www.mi-nomination.com/penninecare> Alternatively you can contact me on 07557 484675 or Donna on 07919 397502.

We look forward to hearing from you

With very best wishes

Yours faithfully

Evelyn Asante-Mensah OBE
Chair
