

OLD FRAME NEW PICTURE PHOTOGRAPHY COMPETITION

Terms and Conditions

Competition Rules

This competition is open to professional and amateur photographers. Photographers will need to identify themselves as either professional or amateur as part of the submission process. For the purposes of this competition, a professional photographer is someone whose primary source of income has come from photography within the last 2 years.

All entries should respond to one of the following competition themes:

- Activism
- Supporting my community
- Old and proud
- Friends and family
- Taking part
- Self Portraits (including selfies)

All entrants should:

- be 18 years old or be older, or have permission from a parent/guardian to enter this competition if under 18 years old.
- Submit one image per theme that features at least one person aged 50 or over.
- have a connection to Greater Manchester. Either the photographer or one of the people in the photograph needs to be living or working in Greater Manchester. The photograph does not have to be taken within Greater Manchester.
- be the sole owner of copyright in all photographs entered. If you are the photographer and have taken the photograph yourself, you will have sole copyright.
- have obtained permission to submit your photograph from anyone featured in it if the image was taken on private property e.g. someone's home or features identifiable individuals outside.
- not have breached any laws when taking their photographs

Photographers can submit an existing photograph taken before COVID-19 lockdown restrictions were put in place. Photographers will need to ensure they have the necessary permissions to submit existing and new photographs to this competition.

We have included a Self Portrait category so photographers can submit a self-portrait image or selfie, taking into consideration people who are self-isolating. If photographers choose to take a new photograph to submit to the competition, then please remember to socially distance (2metres) when taking photos.
