

Cancer Research UK Talk Cancer Training Bursary Application

Cancer Research UK is pleased to offer a limited number of bursaries to enable community-based health workers and volunteers to attend a Cancer Research UK Talk Cancer training workshop. The bursaries will enable people to attend one Talk Cancer training workshop without needing to pay the normal attendance fee. For the avoidance of doubt, Cancer Research UK will not fund any other costs associated with attending a training workshop.

Please provide detailed answers to the questions below as your application will be assessed based on the information provided. We may contact you if more information is required.

One form should be completed for each individual applicant. You are advised to keep a copy of your completed form.
