Get into Technology

Join our programme to launch your career in tech

Generation **aws**

Prince's Trust

What's the programme?

On this 12 week programme, you'll learn everything you need to become a **Cloud Operations Engineer** – from the technical knowledge to the key employment skills.

At the end of the programme, you'll have a guaranteed interview for a well-paid role – that we'll help you prepare for.

This programme is run in collaboration with Amazon Web Services and Prince's Trust.

- ✅ Free, with **travel and lunch covered**
- ✅ **Guaranteed interview** at the end
- ✅ No experience needed
- ✅ Prepare for an Amazon Web Services qualification

What's a Cloud Operations Engineer?

Our website is down

I need to create a new account.

I can help with that.

I've got no storage space left.

Have you ever run out cloud storage space on your phone? Or visited a website and seen that it's down? As a cloud operations engineer, your job will be to help people and companies solve problems like these.

It's a role where you're always learning - every time a new problem appears, your team mates will help you figure it out, so that you can build your own expertise for the future.

What you'll cover

Through interactive, hands-on sessions, you'll learn the technical skills...

- How cloud computing works
- How to use different computer operating systems
- How to use different programming languages

... and the soft skills

- How to tackle any problem
- How to work in a team
- How to manage your time

£22-26k
Starting salary for tech and digital roles

Start Date	16 September 2019	**Location**	Central Manchester
Time	Mon to Fri, 9am-5pm	**Length**	12 weeks

Who can apply?

You don't need to know about technology to join this programme. You just need to be...

- Aged 18-29
- Not currently in education, training, or stable employment
- Available for 12 weeks from 16th September, and ready to start a full-time job straight after the course
- Able to get to central Manchester each day
- Excited to launch a tech career!

" From the programme I developed a new passion, discovered new challenges and set myself completely different goals.

Working with such a supportive team allowed me to improve my communication and teamwork skills "

How do I get a place?

1. First register your interest at:
   uk.generation.org/manchester/get-into-technology
2. Complete a series of online tasks
3. Come to our taster day in August
   (we'll send you the details when you register)
4. Meet up with us for a face-to-face interview

Got a question?
