This exciting foundation degree is perfect for anyone aspiring to become a community activist or people committed to building strong leadership skills so they can make a positive impact in the community. The course enables students to organise and implement community based solutions and projects which are relevant and appropriate to the challenges we face in our society.

Students have graduated from this course and gone on to work in International aid or charity work, local politics, Social justice, welfare and rights, community health and wellbeing, equality and diversity drugs and alcohol support work, refugees or asylum seekers support, climate change education or environmental protection projects, LGBTQ+ rights and awareness, social prescribing projects and many other valuable public or charity sector roles across the country.

We offer individual Continued Professional Development recognition, awards and certificates from nationally recognised organisation the **Institute of Leadership and Management in:**

**Coaching and Mentoring
Management of Volunteers
Leadership and Management**
