

New funding sources following the Covid-19 outbreak

This is an A-Z list of funding sources made available during the Covid-19 pandemic. It includes both emergency funding opportunities and ongoing funding programmes. At some point, we will stop updating this list. You can sign up for ongoing funding updates through our existing [funding portal here](#)

Funders are understanding and, in most cases, flexible to the ongoing challenges you face. Over 100 funders pledged to support the charity sector during the coronavirus crisis, which you can read [here](#). This year, over 40 UK funders have committed to being more open, flexible and trusting with grantees, as part of a new [#FlexibleFunders pledge](#), launched by IVAR. We advise talking to your existing funders about your situation.

Funds that cover core and running costs are marked with #core. Funds which can be used over multiple years are marked #multiyear.
