

# AFRUCA County Lines Child Trafficking Family Support Service

## About us

AFRUCA is a national charity promoting the well-being and protection of children and families in Black and ethnic communities in the UK.

## Our service

Our County Lines Child Trafficking Family Support service has been established in response to the growing problem of child criminal exploitation across Manchester.

We provide support to parents with children aged 11+ who may be affected by mood swings; are missing from home; or are at risk of grooming, county lines child trafficking or criminal exploitation.
