

# Get your patient letters online

View and download your hospital appointment letters instantly on your mobile phone, tablet or computer.

- Check our receptionists have your correct mobile number, full name, date of birth and postcode.
- When we send you a letter you will receive a text message notifying you that you have a new letter to view online.
- Follow the link in the text message to go to our secure patient portal or visit [www.nhs.my](http://www.nhs.my)
- Log in with your name, date of birth and postcode. We will send a one-time code to your mobile phone to verify your identity. Enter this into the web page.
- View and download your new letter online. These letters will be stored in the portal so you can look at them again.

**So you know this is genuine, our text messages will come from 07860 039 092 and the link will always start with <https://nhs.my>**
