

Thinking the Unthinkable Event Comments Summary

Evaluation of our events is important to us – below you will find a selection of feedback comments which we received.

What did you find useful at this event?

“Networking”

“Networking, round table discussions – actually everything, Thank you”

“Got a lot of information”

“The event helped to confirm that we are taking the right steps towards improving sustainability but also provided lots of other advice, hints and tips that can be implemented by my organisation”

“Talking to other people about their experiences”

“Time to stop and think through options”

“The ‘Iceberg’ theory was excellent”

“Appropriate for small organisations needs such as ours and I feel this information is vital and invaluable”

“Really useful to have a mix of organisations involved”

“Very useful – good to understand approaches other organisations are taking”

“Good to have an example of a merger that has worked”

“Good opportunity to get current, relevant information”

We also welcomed suggestions for improvements which included:

- Offering the opportunity for mini presentations (voluntary) from participants to introduce the work that they do and encourage further networking
- Extending the afternoon session to allow more time for discussion groups / further networking

These suggestions will be used to inform our planning of the next Manchester Community Central event.
