

**MANCHESTER VACCINATION VOLUNTEER MARSHALS – Sharon
Jones**

The co-vid calls for one and all
A shout-out to us Mancs
To help the cause and volunteer
So folks can get their vaccs
A friendly face some light relief
From lonely lockdown blues
A welcome smile to pass the while
So many warm “thank yous!”
Plant Hill, Beswick, Newton Heath
The Irish Centre boss
Across this city people give
And do not count the cost
The ebb and flow of life we know
In gloves and plastic masks
Freezing cold our hands and toes
But give up? Not a chance!
