

The current digital world and the voluntary sector

Ben White,
Director, Reason Digital
ben.white@reasondigital.com

We are a social enterprise that uses digital to make a difference. This is why we only work on projects that do social good.

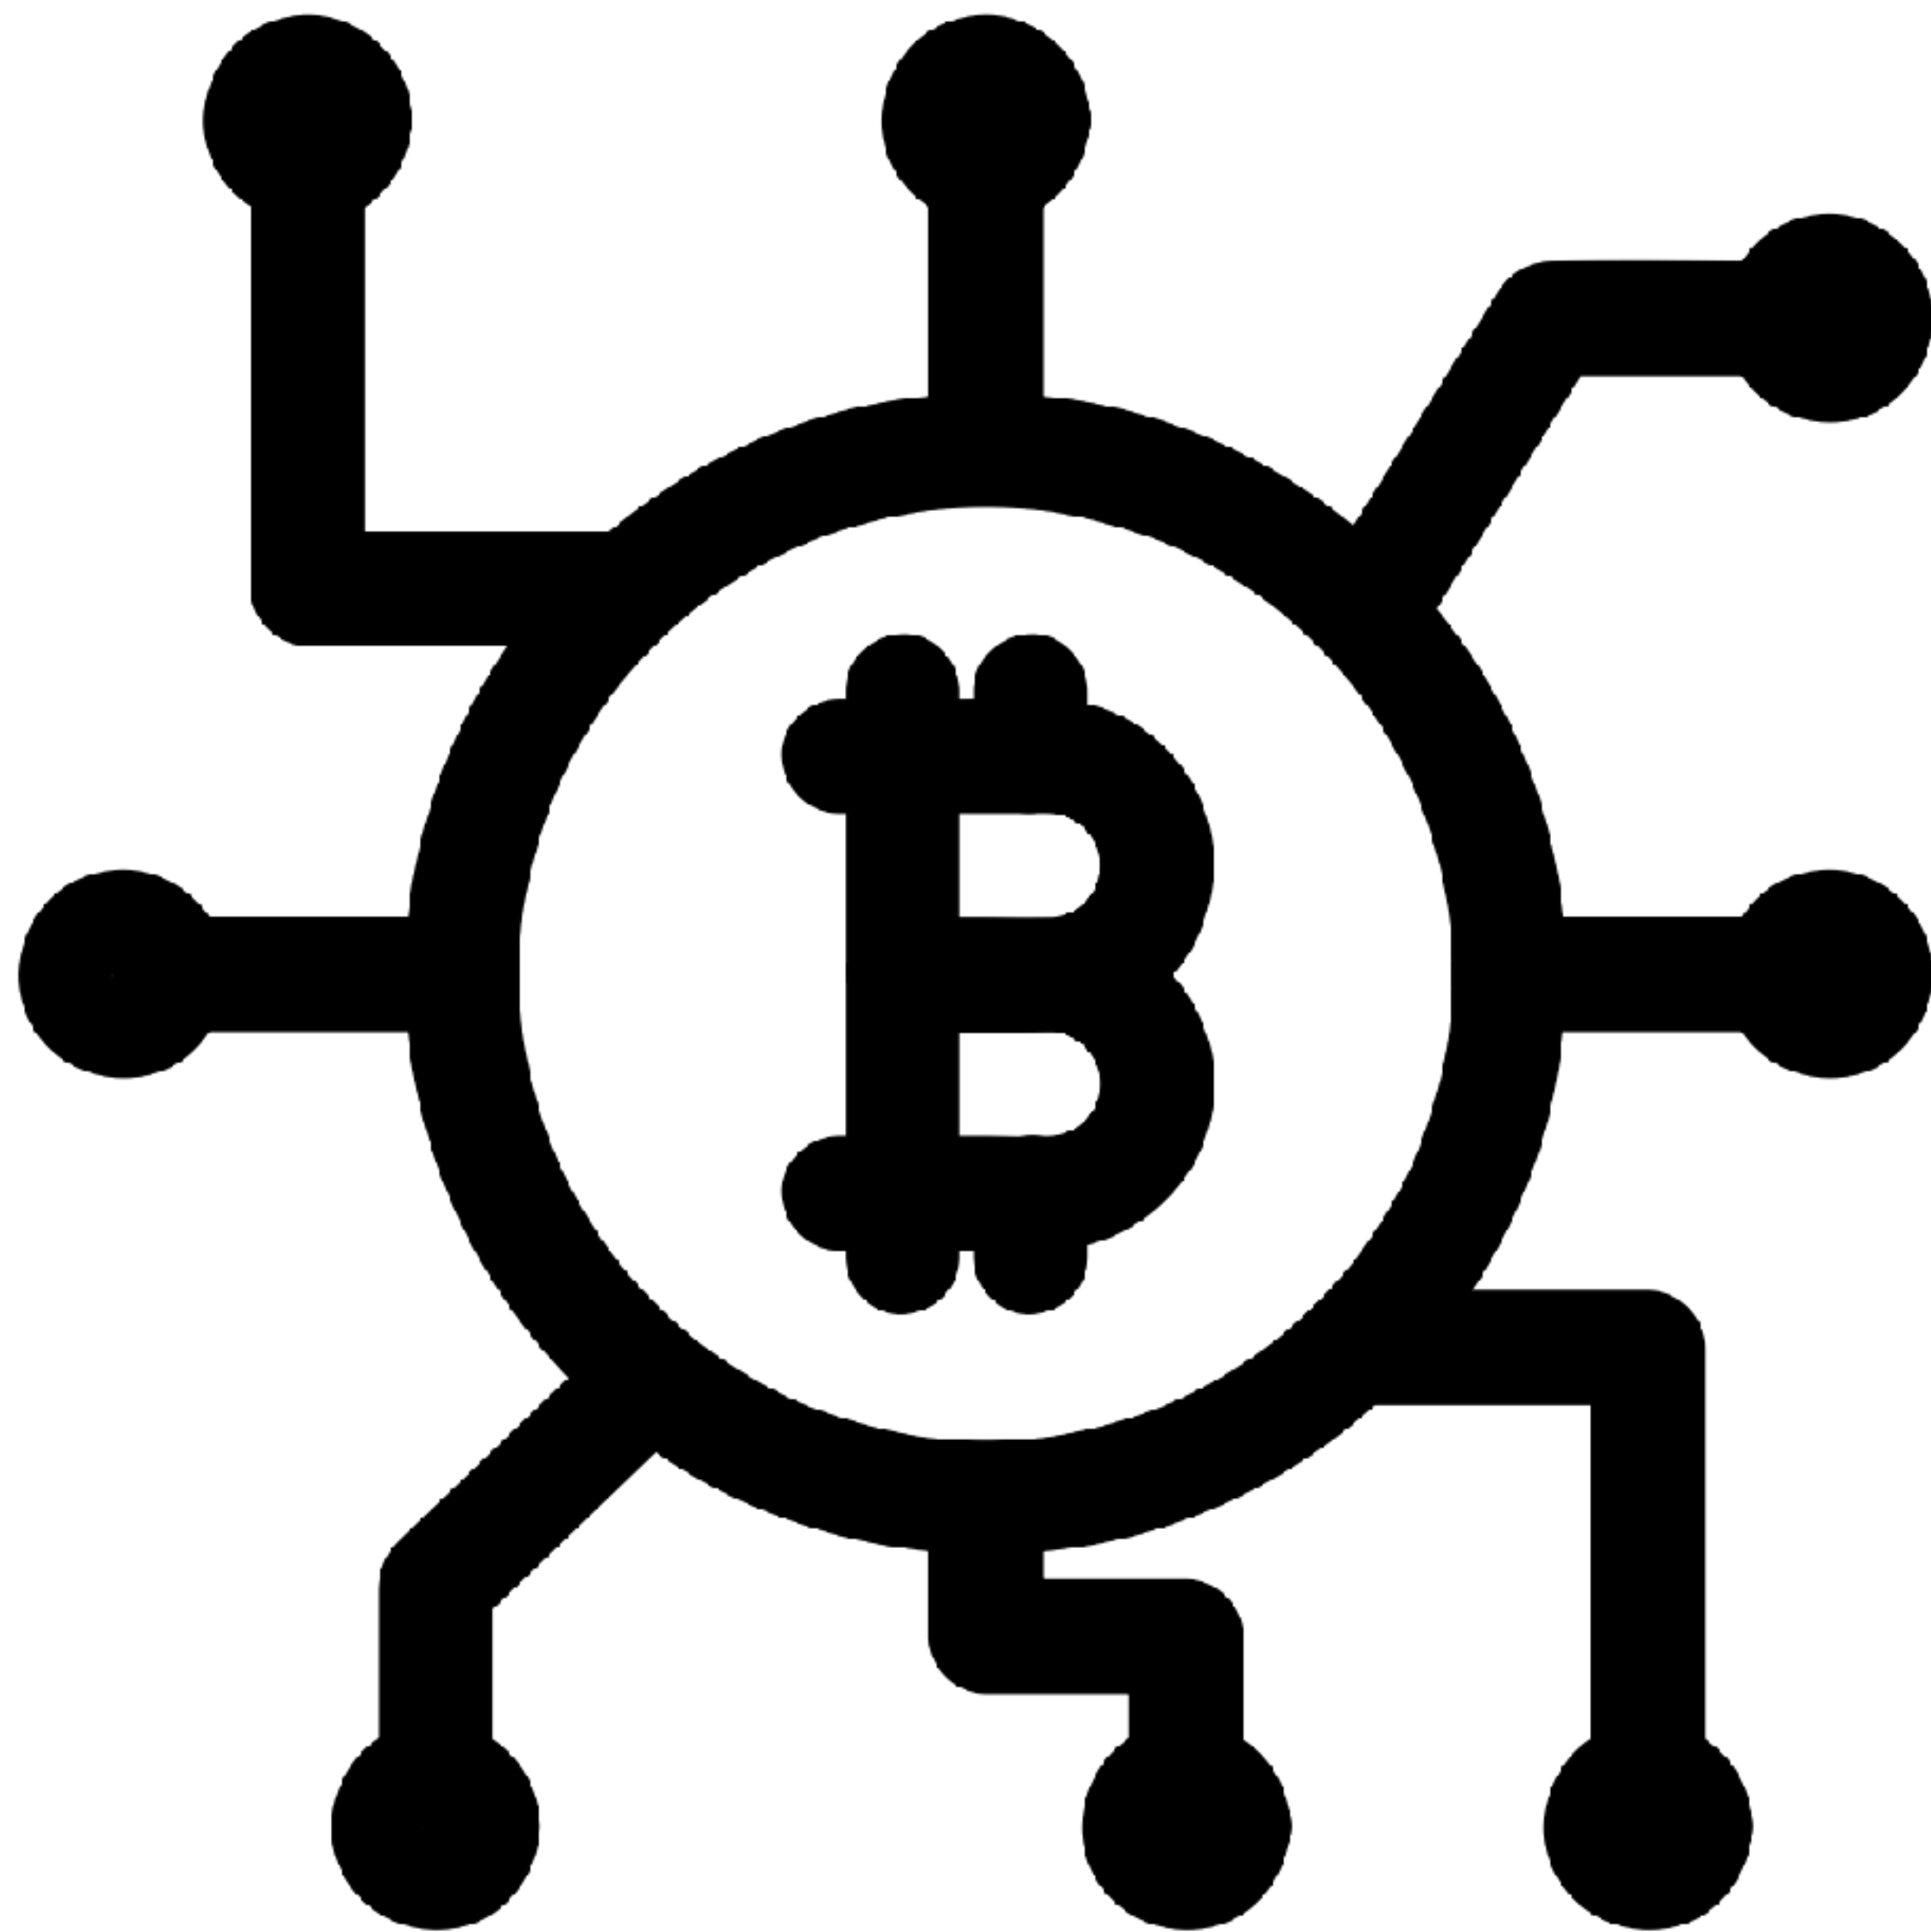

TECH CHANGE IS COMING

(arghh, etc.)

4 DIGITAL TRENDS

1. BLOCKCHAIN AND TRANSPARENCY

Alice brings transparent social funding

Alice is a social funding and impact management platform built on the Ethereum blockchain.

We incentivise social organisations (charities, enterprises) to run projects transparently, by making them get paid more when they achieve their goals.

The performance of each project is publicly available for funders (philanthropic organisations, impact donors) to identify and help scale social projects that work.

Shared impact data also helps reduce due diligence costs, and helps social organisations collaborate more effectively.

Join us to help eradicate the problems that these organisations are tackling.

London Street Impact: 15 Lives

Help **15 people** rebuild their lives away from the streets

£3,500 funds 1 person
3/15 already funded

[DONATE](#)

Transparent giving
A new way to donate

Summary

We need your support to crowdfund our pilot project. Your donation can and will change the lives of 15 people sleeping rough by helping them to move off the streets for good.

Through our project, London Street Impact: 15 Lives, St Mungo's is working

How will your gift help?

We're asking our community to help crowdfund this project. You can donate any amount you like and your donation will be combined with others to fund one of the goals

2. VR

OUR GOAL
1 billion people in virtual reality.

3. CONVERSATIONAL INTERFACES

HOME IS WHERE THE STORY BEGINS

4. MACHINE LEARNING

2. BE ETHICAL

(like you normally are)

3. BUILD WHAT YOU CAN SUSTAIN

**(and let other people do the
hard work)**

**FINAL
THOUGHT...**

An illustration of a diverse group of people in a modern office setting. On the left, a woman sits on a high stool at a desk with a laptop and a mug. Next to her, a man in a yellow shirt stands with his hand out, gesturing towards a smartphone icon with a heart. In the center, a man in a red shirt holds a book, and a woman in a green vest sits at a desk with a laptop. To her right, a woman in a red dress sits at another desk with a laptop. Further right, a man in a green vest stands holding a laptop, and a man in a blue sweater sits at a desk with a laptop. On the far right, a man sits at a desk with a laptop, and a red square sign on a stand is visible. The background includes a potted plant, a lightbulb icon, a clapperboard icon, and a laptop icon. The overall style is flat and colorful.
