ESCAPE TO SAFETY EXHIBITION

The unique Escape to Safety multi-media exhibition provides participants with an experience of what it is like to be a refugee/asylum seeker leaving their home country and embarking on a journey to find safety in Britain.

Participants are provided with an experience that challenges them to re-think their assumptions and perceptions of refugees, asylum seekers and migrants.

The exhibition in Lancaster

The exhibition enables schools and communities to explore complex and controversial diversity issues in an exciting and experiential way.

The **City of Sanctuary** movement is a national network of people and organisations trying to make our cities more welcoming to people seeking sanctuary: asylum seekers, refugees and those fleeing any form of abuse or persecution.

We are committed to helping make **Manchester** united in being a **welcoming city**, open and fair for all. We want to create a **more inclusive** and **welcoming city** to those seeking sanctuary who bring **skills, enterprise, music, food and hard work** to enrich our city.
